

Two Day Exclusive
Virtual Rhinoplasty Cadaver Course
with The Masters

Dean M. Toriumi, MD
Richard E. Davis, MD

LAB AGENDA

October 23-24, 2020

Marina Medical Rhinoplasty Cadaver Dissection Course

Dean M. Toriumi, MD & Richard E. Davis, MD

DAY 1 - October 23, 2020 - Primary Rhinoplasty

| | |
|--------------------------|--|
| 7:30am – 8:00am | Breakfast Staff & Crew |
| 8:00am – 8:05am | Welcome (Davis/Toriumi) <ul style="list-style-type: none">• Structural Rhinoplasty Techniques• Moderated with Open Mic – questions welcome |
| 8:05am – 8:20am | Lecture: Surgical approaches to the nose (Toriumi) |
| 8:20am – 8:50am | Cadaver Dissection – Surgical Approaches (Toriumi) |
| 8:50am – 9:05am | Lecture: The Tongue in Groove Setback (Davis) |
| 9:05am – 9:35am | Cadaver Dissection – Tongue-in-Groove Technique (Davis) |
| 9:35am – 9:55am | Lecture: Tip Techniques in Primary Rhinoplasty (Toriumi) |
| 9:55am – 10:50am | Cadaver Dissection – Primary RhinoTip Techniques (Toriumi) |
| 10:50am – 11:10am | Lecture: Contoured Septal Extension Graft (Davis) |
| 11:10am – 11:45am | Cadaver Dissection – SEG placement (Davis) |
| 11:45am – 12:05pm | Lecture: Lateral Crural Tensioning (Davis) |
| 12:05pm – 12:35pm | Lunch Break |
| 12:35pm – 1:15pm | Cadaver Dissection – Lateral Crural Tensioning/AARG (Davis) |
| 1:15pm – 1:30pm | Lecture: Alar Base Modifications - (Toriumi) |
| 1:30pm – 2:00pm | Cadaver Dissection – Alar Base Resection, Flaps, Augmentation (Toriumi) |
| 2:00pm – 2:15pm | Lecture: Backbone of the Nose – The Septal L-Strut (Davis) |
| 2:15pm – 3:00pm | Cadaver Dissection – Septal Repositioning & Reconstruction (Toriumi/Davis) |
| 3:00pm – 3:15pm | Lecture – Spreader Grafts and Flaps (Toriumi) |
| 3:15pm – 3:30 | Coffee Break |
| 3:30pm – 4:00pm | Cadaver Dissection – Traditional Middle Vault Techniques (Toriumi/Davis) |
| 4:00pm – 4:30pm | Lecture: Dorsal Preservation or Not – (Toriumi) |
| 4:30pm – 5:00pm | Dorsal Preservation Video (Toriumi) |
| 5:00pm – 5:30 pm | Cadaver Dissection - Dorsal Preservation (Toriumi) |
| 5:30pm – 6:10pm | Cadaver Dissection – Dorsal [Pushdown] with the Piezotome – (Davis) |
| 6:10pm | Adjourn Day One |

Marina Medical Rhinoplasty Cadaver Dissection Course

Dean M. Toriumi, MD & Richard E. Davis, MD

DAY 2 - October 24, 2020 - Revision Rhinoplasty

| | |
|--------------------------|--|
| 7:30am – 8:00am | Cadaver Dissection – Rib Graft Harvest (Toriumi) |
| 8:00am – 8:30am | Cadaver Dissection – Rib Graft Slicing & Dicing (Davis) |
| 8:30am – 9:00am | Lecture – Dorsal Revision with solid rib cartilage – (Toriumi) |
| 9:00am – 9:40am | Cadaver Dissection – Dorsal revision with solid rib (Toriumi) |
| 9:40am – 10:15am | Cadaver Dissection – Tip Revision (Toriumi) |
| 10:15am – 10:30am | Lecture – Dorsal Revision with diced & finely-diced cartilage (Davis) |
| 10:30am – 11:15am | Cadaver Dissection – Dorsal revision with diced cartilage (Davis) |
| 11:15am – 11:45am | Cadaver Dissection – Pan-Nasal I-Beam Spreader grafts (Davis) |
| 11:45am – 12:15pm | Lunch Break |
| 12:15pm – 12:45pm | Cadaver Dissection – Composite Graft harvest & placement (Toriumi) |
| 12:45pm – 1:30am | Cadaver Dissection - Conchal Graft harvest & shield graft placement (Davis) |
| 1:30pm – 2:30pm | Cadaver Dissection – Alar Base Reconstruction Potpourri (Toriumi/Davis) |
| 2:30pm – 3:00pm | Video - Fat harvest and processing to microfat/nanofat (Toriumi) |
| 3:00pm – 3:15pm | Coffee Break |
| 3:15pm – 4:00pm | Primary Case Studies (Toriumi) |
| 4:00pm – 4:45pm | Primary Case Studies (Davis) |
| 4:45pm – 5:15pm | Revision Case Studies (Toriumi) |
| 5:15pm – 5:45pm | Revision Case Studies (Davis) |
| 5:45pm – 6:30pm | Discussion how to incorporate what you learned into your practice (Toriumi & Davis) |
| 6:30pm | Adjourn & Farewell |
